

Questions: 1) How long have you been sleeved? 2) Who was your surgeon? 3) What were your experiences with your surgeon?. 4) Would you recommend your surgeon? 5) How much weight have you lost since your sleeve date? 6) What type of sleeve do you have? 7) Would you recommend the type of sleeve you have? 8) Do you find you still have the necessary level of energy to sustain a good workout? 9) Do you find it difficult to keep the weight off once you have lost it? 10) Do you have trouble eating, such as getting  stuck . 11) What is the one things about getting the surgery that you regret? 12) Would you do this surgery again, or would you have made another choice?	8 weeks Dr. Travis Goodnight He Is great and wants to help people get healthy.. Yes, in a Minute and have 45 lbs 32 fr. Bougie Yes, I actually wish it was a little tighter.. Way more than I have had in the last 15 years Still losing... not once yet, I drank some milk too fast one morning and projectile vomited it right into the kitchen sink but that's the only thing I have ever done. Not doing it sooner On a minutes' notice.
