

Thank You!

Maryellen and I wanted to thank all of you who donated to the National MS Society for our participation in the Bike to the Bay. It was a GREAT ride and a great success!

We were first-time riders and did the 35 mile route. The weather was great, the route was interesting and fun, and we were among around 1100 participants.

We rode as "Team Autodesk - Ohio" and, as a team, raised over \$1700!! Not bad for a two-person team!

The national group of Autodesk teams has raised over \$22,000 thus far and has a goal of \$30,000!

Thanks again for all your love and support! We'll be calling on you again next year!

Grant & Maryellen
